

# AGC Company Profile

## Overview:

Founded in 2005, AGC Consulting is a premier advisory firm specializing in digital governance, financial governance, and general management consulting. With nearly two decades of experience, AGC Consulting has established itself as a trusted partner for organizations seeking to enhance their operational effectiveness, streamline governance practices, and align with the latest industry standards in the digital and financial domains.

## Mission:

Our mission is to empower businesses, nonprofit and government institutions to adopt robust governance frameworks that drive growth, efficiency, and transparency. Through our tailored solutions, we help clients navigate the complexities of digital transformation and financial management, ensuring compliance with regulatory requirements and fostering sustainable performance.

## Vision:

To be the leading consulting firm driving innovation in governance solutions across diverse industries, setting the benchmark for integrity efficiency and value creation.

## Core Services:

### 1. Digital Governance:

- 1.1 Strategy Development: Crafting comprehensive digital governance frameworks to optimize IT investments, improve data management, and ensure compliance with regulatory standards.
- 1.2 Digital Transformation Consulting: Helping organizations leverage new technologies to streamline operations, improve customer experience, and foster innovation.
- 1.3 System development, integration & digital transformation. System Development & Integration refers to the process of designing, building, and implementing

software systems that meet an organization's needs, while seamlessly integrating them with existing platforms.

- 1.4 Cybersecurity & Risk Management: Identifying potential digital risks and vulnerabilities and implementing robust strategies to mitigate cyber threats and data breaches.
- 1.5 Data Privacy & Protection: Assisting organizations in adhering to data protection regulations, and industry-specific standards.

## 2. Financial Governance

- 2.1 Financial Strategy & Planning: Offering strategic insights to enhance financial planning, budgeting, and forecasting.
- 2.2 Internal Control Systems: Designing and implementing control systems that ensure effective financial management, risk mitigation, and compliance with accounting standards.
- 2.3 Corporate Governance Compliance: Ensuring adherence to national and international financial regulations, including 2CFR200, GAAP and other governance codes.
- 2.4 Audit & Risk Advisory: Conducting comprehensive financial audits and providing risk management solutions to protect the organization's financial integrity.

## 3. Project Management

- 3.1 Organizational Development: Helping organizations enhance efficiency by improving management practices, talent development, and performance management systems.
- 3.2 Change Management: Guiding organizations through complex transformations with strategies that minimize disruption and maximize outcomes.
- 3.3 Strategic Planning: Assisting clients in long-term strategic planning to align business goals with market trends and opportunities.
- 3.4 Process Optimization: Streamlining business processes to enhance operational efficiency, reduce costs, and improve decision-making.

## Industry Expertise:

AGC Consulting has successfully served clients across various sectors, including:

- a) **Public Sector & Government:** Supporting public institutions in implementing transparent governance practices and improving digital and financial infrastructure.
- b) **Financial Services:** Working with banks, water utilities companies, and asset management firms to strengthen financial governance and risk management practices.
- c) **Healthcare:** Providing governance solutions for digital health platforms, ensuring compliance with data privacy regulations and financial reporting standards.
- d) **Energy & Utilities:** Supporting energy companies in optimizing operations and improving compliance with governance standards.
- e) **Technology:** Partnering with tech firms to enhance digital transformation initiatives and governance frameworks.

## Our Approach:

At AGC Consulting, we believe in delivering tailored solutions that address the specific needs of our clients. Our approach is highly collaborative and rooted in data-driven insights. We engage closely with our clients to understand their unique challenges, and we leverage our expertise to craft strategies that align with their business goals. We focus on innovative thinking, developing cutting-edge solutions that are both practical and forward-looking.

## Sustainability:

Focusing on long-term, scalable improvements that ensure continued success.

## Client-Centric Service:

We build lasting relationships through personalized service, transparency, and exceptional delivery.
